Subject: RE: Arroyo Grande AE Completeness Check

After we meet with Alexa tomorrow (and possibly Brett) we talked about having a conference call with Cadmus to give them the comments on the SOB. Since Shari will be out the rest of the week, looks like I should do it next week. I can get something on the calendar.

Subject: RE: Arroyo Grande AE Completeness Check

Thanks, Lisa.

We will start to look at the materials and aim to do the completeness check by December 21. We can give a status report next week.

PS. I will be out of the office Wednesday through Friday this week, but Anna is around to get started (and answer any questions you may have).

Subject: Arroyo Grande AE Completeness Check

Hi Shari,

Please accept this email as Technical Direction to review DOGGR's AE materials (original and new) to do a completeness check. I believe the comment period ends on Dec. 16, and we would like to give DOGGR some initial feedback before they send us an official application. Would it be possible to do the completeness check for the Arroyo Grande AE within 2 weeks (Monday, December 21)? If so, please send the completeness check to both me and Michele Dermer as I may be on the road if you are able to do to the completeness check before the 21st of December.

All of the Arroyo Grande materials can be found at
http://www.conservation.ca.gov/dog/Pages/Aquifer_Exemptions.aspx.

Thanks,

Lisa
